**Re: Summary of Benefits and Coverage (SBC)**

Dear Participant and Family;

Enclosed you will find the Ironworkers Local 11 Welfare Fund's Summary of Benefits and Coverage (SBC). The SBC provides a general description of the health benefits provided by our Fund. SBCs are required by the Affordable Care Act (ACA). Please share the SBC with your family members who are eligible for Fund coverage.

The federal government created the SBC to help people who are shopping for coverage when the health care exchanges opened in 2014. They let you see if different plans cover the same benefits (office visits, chiropractic care and prescription drugs, for example), and how much coverage they offer for those benefits—what the coinsurance and copayments are for different services. For that reason, we were not allowed to change much of the SBC to make it better fit with your benefits.

To best understand the benefits provided by this Fund, we recommend that you visit the Ironworkers Local 11 Benefit Funds and Training Facility website (<http://www.ironnj.com/>) or the Horizon Blue Cross Blue Shield of New Jersey website (<http://www.HorizonBlue.com/>) and read the materials that the Fund has created for you—your Summary Plan Description (SPD) and the other benefit materials that you are used to seeing from the Fund.

**SBC Examples**

The SBC includes two examples—one for having a baby and one for managing type 2 diabetes. The examples show the health care costs for you and the Fund that are involved with getting care for each of these two situations.

**As you read these examples, it's very important to keep in mind that the costs shown are national averages; they do not tell you what the actual services might cost where you live.** Also, your doctor might choose a different course of treatment than what is used to create the example costs. Or your doctor could be an Out-of-Network Provider—the examples only show costs of In-Network Providers. There are lots of ways that your costs may be different than what is shown in the example even though you are dealing with the same thing—type 2 diabetes, for example.

These examples are included in the SBC to help you compare how different health plans might cover the same condition—***not for predicting your own actual health care expenses.***

### **SBC Terms**

The SBC might use different terms than you are used to seeing when talking about your benefits. And there's something called a "Glossary of Health Coverage and Medical Terms" mentioned in the SBC. The Glossary gives definitions of common health insurance terms. Unfortunately, it's a national glossary and it may explain things differently than we usually do. But the government won't let us change any of the definitions or even add some that might be helpful.

If you read the SBC or the Glossary and anything seems confusing or doesn't quite line up with the way our Fund works, we suggest that you go to the Ironworkers Local 11 Benefit Funds and Training Facility website, the Horizon Blue Cross Blue Shield of New Jersey website, your SPD and the other benefit materials that you get from our Fund.

### **For More Information**

If you have any questions about Fund-provided coverage, please call the Fund Office at (973) 376-7230 or Horizon at (800) 355-BLUE (2583).

If you have general questions about the SBC itself, you may want to contact the Employee Benefits Security Administration of the U.S. Department of Labor at (866) 444-3272 or [www.dol.gov/ebsa](http://www.dol.gov/ebsa), or the U.S. Department of Health and Human Services at (877) 267-2323 Ext. 61565 or [www.cciio.cms.gov](http://www.cciio.cms.gov).

Please keep the SBC with your SPD for easy reference. Receipt of this document does not constitute a determination of your eligibility.

Sincerely,

The Board of Trustees

Important Questions	Answers	Why this Matters:
<b>What is the overall deductible?</b>	\$500 individual / \$1,000 family for out-of-network.	You must pay all the costs up to the <b>deductible</b> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <b>deductible</b> starts over (usually, but not always, January 1st). See the Common Medical Events chart for how much you pay for covered services after you meet the <b>deductible</b> .
<b>Are there other deductibles for specific services?</b>	Yes. Supplemental Services and Supplies, \$500 individual / \$1,000 family	This deductible is combined with the out-of-network deductible, then 20% coinsurance for In-Network and 30% coinsurance for out-of-network services applies. You must pay all of the costs for these services up to the specific <b>deductible</b> amount before this plan begins to pay for these services.
<b>Is there an out-of-pocket limit on my expenses?</b>	Yes. 10% of the allowable charges up to \$500 per individual per year for services that do not require a copayment for <b>In-Network services only</b> .	The <b>out-of-pocket limit</b> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
<b>What is not included in the out-of-pocket limit?</b>	Premiums, balance-billed charges, copayments, penalties for failure to obtain pre-authorization for services and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <b>out-of-pocket limit</b> .
<b>Is there an overall annual limit on what the plan pays?</b>	No.	The Common Medical Events chart describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
<b>Does this plan use a network of providers?</b>	Yes. For a list of in-network providers, see <a href="http://www.HorizonBlue.com">www.HorizonBlue.com</a> or call 1-800-355-BLUE (2583)	If you use an in-network doctor or other health care <b>provider</b> , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network <b>provider</b> for some services. Plans use the term <b>in-network, preferred, or participating for providers</b> in their network. See the Common Medical Events chart for how this plan pays different kinds of <b>providers</b> .
<b>Do I need a referral to see a specialist?</b>	No. You don't need a referral to see a specialist.	You can see the <b>specialist</b> you choose without permission from this plan.
<b>Are there services this plan doesn't cover?</b>	Yes.	Some of the services this plan doesn't cover are listed on the Services Your Plan Does Not Cover chart. See your policy or plan document for additional information about <b>excluded services</b> .

Coverage Period: 07/01/2016 - 06/30/2017  
**Coverage for:** All Coverage Types |  
**Plan Type:** DA

Co-payments are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.

Co-insurance is *your* share of the costs of a covered service, calculated as a percent of the allowed amount for the service. For example, if the plan's allowed amount for an overnight hospital stay is \$1,000, your co-insurance payment of 20% would be \$200. This may change if you haven't met your deductible.

The amount the plan pays for covered services is based on the allowed amount. If an out-of-network provider charges more than the allowed amount, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the allowed amount is \$1,000, you may have to pay the \$500 difference. (This is called balance billing.)

This plan may encourage you to use participating providers by charging you lower deductibles, co-payments and co-insurance amounts.

## About these Coverage Examples:

These examples show how this plan might cover medical care in three situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is  
not a cost  
estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care also will be different.

## Ironworkers Local 11 Benefit Funds and Training Facility

### Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Coverage Period: 07/01/2016 - 06/30/2017  
Coverage for: All Coverage Types | Plan Type: DA

## Questions and answers about Coverage Examples:

### What are some of the assumptions behind the Coverage Examples?

- Costs don't include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- Patient's condition was not an excluded or preexisting condition
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

### What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, co-payments, and co-insurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

### Does the Coverage Example predict my own care needs?

- ✗ No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

### Does the Coverage Example predict my future expenses?

- ✗ No. Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

### Can I use Coverage Examples to compare plans?

- ✓ Yes. When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box for each example. The smaller that number, the more coverage the plan provides.

### Are there other costs I should consider when comparing plans?

- ✓ Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-of-pocket costs, such as co-payments, deductibles, and co-insurance. You should consider also contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
