Re: Coverage of Composite Resin (White) Fillings under Dental Plan

Tooth fillings restore the function and structure of teeth damaged by decay, trauma, or wear and tear. They help prevent further decay or damage and improve oral health. Overall, tooth fillings are a safe and effective solution for restoring damaged teeth and maintaining good oral health.

In addition to the amalgam (silver) fillings, the Iron Workers Local 11 Welfare Fund will cover composite resin (white) fillings on all teeth with no out of pocket cost, effective January 1st, 2024, when using a Delta Dental PPO Provider.
